OFFICE OF THE SECRETARY

Re: Oral Ex Parte Presentation; IB Docket No. 01-185

Dear Ms. Dortch:

This letter provides notice that on September 11, 2003, Mr. Charles Trimble, Chairman of the U.S. GPS Industry Council ("Council"), Ms. Ann Ciganer, Council's Director of Policy, and undersigned counsel, conducted a teleconference with Mr. Ed Thomas, Chief of the Office of Engineering and Technology and OET staff members copied below.

The purpose of the teleconference was to discuss the status of the pending petition for reconsideration filed by the Council in the above-referenced proceeding. The Council urged that the Commission should adopt the OOB limits set out in the industry agreement and as endorsed by NTIA. Council representatives also expressed concern with the Commission's issuing a public notice to consider protection levels for GPS. The Council requested that the reconsideration proceeding be concluded as soon as possible.

An original and one copy of this letter are being submitted for inclusion in the record of this proceeding.

Respectfully submitted,

Raul R. Rodriguez
Counsel to the U.S. GPS Industry Council
